Significant behavioral issues may result in failure of the affective domain. In most cases a written warning and time period for improvement will be given before assigning a failing grade. However, in cases where the behavior is significantly unacceptable, egregious, or poses a threat to the well being of others, the posting of a failing grade may be immediate and without warning.

Students will be graded on a decreasing scale. Each student begins each semester with an Affective grade of 100%. As the course progresses, points will be deducted for each attendance issue (absence, tardy or leaving early), uniform issue, participation issue, or professionalism issue.
