I. **INTRODUCTION**

A. This course is an overview of office computer applications including current terminology and technology. An introduction to computer hardware, software applications, and procedures.

B. This is a required course in the Executive Assistant degree and certificates, the Office Management degree and certificates, and the Office Information Management, Health Information Management, Medical Secretary, and Medical Office Specialist certificates. You will be required to demonstrate proficiency in the skills learned in this course in the internship or practicum courses.

C. This course in conjunction with other appropriate courses prepares students to enter the secretarial, office administration, word processing, office management or health information management career field.

D. Prerequisite: None.

E. Alphanumeric coding used throughout this syllabus denotes integration of SCANS occupational competencies (C1, etc.) and foundation skills (F1, etc.).

II. **LEARNING OUTCOMES**

Upon successful completion of this course the student will be able to:

A. Identify the components of a computer system.
   
   (C5, C6, C7, C15, C19) (F1, F2, F5, F10, F11)

B. Perform common tasks used in applications.
   
   (C7, C8, C9, C14, C17, C18, C19) (F1, F2, F5, F9, F11, F12, F16, F17)

III. **INSTRUCTIONAL MATERIALS**

Instructional materials identified for this course are viewable through [www.ctcd.edu/books](http://www.ctcd.edu/books).

IV. **COURSE REQUIREMENTS**

A. **Textbook Assignments**: The chapters in the textbook will be covered in sequence, and the student will read the assigned pages and work the assigned workbook pages before class and be prepared to discuss the assignments in class.
B. **Course Content.** Students will make every attempt to earn a satisfactory grade in the course. This may be accomplished by attending class regularly, arriving promptly for class, reading lecture notes and/or the textbook in preparation for class, giving complete attention to class activities, completing all assigned work, and preparing for exams.

C. **Course Assignments:** All assignments must be completed before the class period in which the assignment is due. If the student cannot attend the class in which the assignment is due, he or she should be certain the assignment is handed in before the period due. As a general rule, late work is not accepted; however, in rare cases the instructor may allow it for a daily penalty of 10 percent of the actual grade. A grade of zero will be entered for any work that is not been submitted. No exceptions.

V. **EXAMINATIONS**

A. Periodic exams covering information in the reading assignments, class discussions, and presentations will be given during the semester.

B. The mid-term and final exams will cover material designated by the instructor.

C. Unscheduled quizzes may be given.

VI. **SEMESTER GRADE COMPUTATIONS**

The student’s course grade is determined by performance on a combination of applications, assessments, discussions, projects, and the final exam.

VII. NOTES AND ADDITIONAL INSTRUCTIONS FROM COURSE INSTRUCTOR

A. Course Withdrawal: It is the student’s responsibility to officially withdraw from a course if circumstances prevent attendance. Any student who desires to, or must, officially withdraw from a course after the first scheduled class meeting must file a Central Texas College Application for Withdrawal (CTC Form 59). The withdrawal form must be signed by the student.

Application for Withdrawal will be accepted according to the following schedule:

- Friday of 3rd week for 5-week courses
- Friday of 4th week for 6-week courses
- Friday of 6th week for 8-week courses
- Friday of 7th week for 10-week courses
- Friday of 9th week for 12-week courses
- Friday of 12th week for 16-week courses

The equivalent date (75 percent of the semester) will be used for sessions of other lengths. The specific last day to withdraw is published each semester in the Schedule Bulletin.

A student who officially withdraws will be awarded the grade of “W” provided the student’s attendance and academic performance are satisfactory at the time of official withdrawal. Students must file a withdrawal application with the College before they may be considered for withdrawal.

A student may not withdraw from a class for which the instructor has previously issued the student a grade of “F” or “FN” for nonattendance.

B. Administrative Withdrawal: An administrative withdrawal may be initiated when a student fails to meet College attendance requirements; that is absences that exceed a total of four class meetings for 16-week courses, three class meetings for 8-week courses, or two class meetings for 6-week courses. Furthermore, if the instructor assesses that a student cannot satisfactorily complete the course, he/she may initiate an administrative withdrawal. Regardless of the reason for an absence, the burden for obtaining lecture notes and completing all coursework covered during an absence lies with the student.

The Veteran Services Office must be made immediately aware of a veteran student who withdraws from class or is administratively withdrawn for excessive
absences. The College may be assessed a liability for any veteran entitlements paid if the VA is not notified within 30 days of the withdrawal or the last date of attendance.

Note: Under Section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statue was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later.

C. Incomplete Grade: The College catalog states, “An incomplete grade may be given in those cases where the student has completed the majority of the course work but, because of personal illness, death in the immediate family, or military orders, the student is unable to complete the requirements for a course. . .” Prior approval from the instructor is required before the grade of IP is recorded. Deadline for changing the IP grade is 110 days after the scheduled end of the course. An IP grade can be replaced with the student’s actual grade, including an F; but it may not be replaced with a W. At the end of the 110 calendar days if the student has not completed the remaining coursework as required by the instructor, the IP will be converted to an FI and appear as an F on the student’s official transcript.

D. Cellular Phones and Beepers: Cellular phones and beepers will be turned off while the student is in the classroom or laboratory.

E. Americans With Disabilities Act (ADA): Disability Support Services provides services to students who have appropriate documentation of a disability. Students requiring accommodations for class are responsible for contacting the Office of Disability Support Services (DSS) located on the central campus. This service is available to all students, regardless of location. Review the website at www.ctcd.edu/disability-support for further information. Reasonable accommodations will be given in accordance with the federal and state laws through the DSS office.

F. Instructor Discretion: The instructor reserves the right of final decision in course requirements.

G. Civility: Individuals are expected to be cognizant of what a constructive educational experience is and respectful of those participating in a learning environment. Failure to do so can result in disciplinary action up to and including expulsion.

H. Scholastic Honesty: All students of the Office Administration program are required and expected to maintain the highest standards of scholastic honesty in the preparation of all work and in examinations. Students should avoid:

1. Plagiarism: the taking of passages or ideas from writings of others
without giving proper credit to the source.

2. Collusion: working together with another person in the preparation of work unless such joint preparation is specifically approved in advance by the instructor.

3. Cheating: giving or receiving information on an examination, homework, or projects.

Students found guilty of scholastic dishonesty are subject to disciplinary action, which may include having credit for the course canceled.

VIII. COURSE OUTLINE

While the material outlined below will be covered in this course, students should refer to the instructor’s individual course outline for a detailed sketch of when the material will be covered.

A. Module One: Computing Essentials, Microsoft Windows 8, & Microsoft Office 2013 Suite Overview

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment:
   a. Identify the information processing cycle.
   b. Identify and describe basic computer system hardware and the basic concepts of operating system software.
   c. Identify terms related to a computer network.
   d. Identify different types of application software.
   e. Navigate Windows.
   f. Manage files and folders.
   g. Work with Windows settings, accessories, security, and help.
   h. Create a file and display the backstage area.
   i. Open and save a file.
   j. Understand the Ribbon.
   k. Navigate within a file.
   l. Use Find and Replace.
   m. Use Undo and Redo.
   n. Change views and zoom percentage.
   o. Check spelling and grammar.
p. Use formatting tools.
q. Print a file.
r. Use Help.

2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.

B. Module Two: Microsoft Outlook

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment:
   a. Use time management tools.
   b. Use scheduling tools.
   c. Manage content.

2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.

C. Module Three: Microsoft Word 2013

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment:
   a. Create documents.
   b. Format documents.
   c. Work with tables and objects.
   d. Finalize and share documents.

2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.

D. Module Four: Microsoft Excel 2013

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment by the ninth week of the semester:
   a. Create a workbook.
   b. Work with formulas and functions.
   c. Fort cells.
   d. Work with charts.
2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.

E. Module Five: Microsoft Access 2013

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment:
   a. Work with databases.
   b. Create forms and tables.
   c. Work with queries and reports.

2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.

F. Module Six: Microsoft PowerPoint 2013

1. Learning Outcomes: Upon successful completion of this unit, the student will achieve the following outcomes with at least 70 percent accuracy on the unit assessment:
   a. Create presentations.
   b. Work with Slide Masters and Handouts.
   c. Add visual elements and sound.
   d. Complete, run, and share presentations.

2. Learning Activities: Assignments include a combination of applications, assessments, discussions, and/or projects.
